Napa County
African American / Black Student Outcome Data
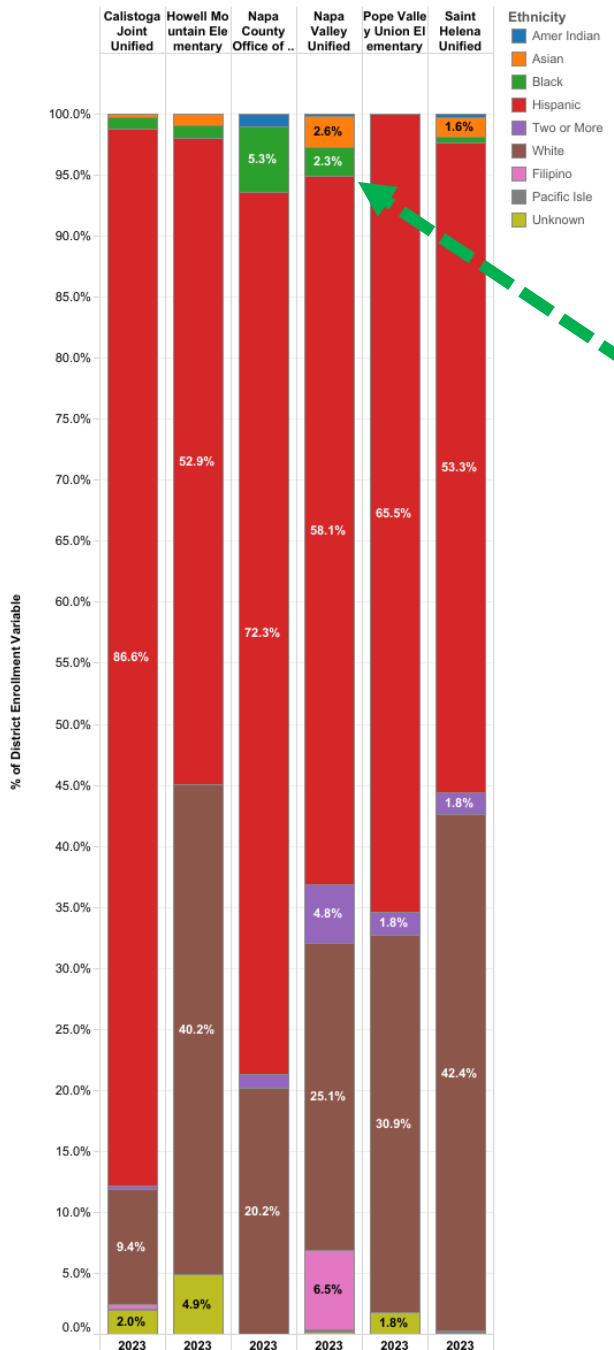

NCOE Black History Month Education Event

February 8, 2024

About the Data

- NVUSD is the only district in Napa County with a large enough group of Black students to show up on California's accountability measures (minimum n size = 30). Thus, the data shown is only for NVUSD.

- Data comes from the California School Dashboard https://www.caschooldashboard.org/, other CDE sources linked from the Dashboard, and Frontline Analytics (subscription based aggregator of public data).

- Napa's outcome data for Black students is similar to the state and nation in terms of the outcome gaps relative to other student groups.
